

Linkside at Baymeadows HOA

APPROVED EXTERIOR COLORS

All products listed are top of the line, manufactured by Benjamin Moore. They can be purchased at ACE Hardware at 9802 Baymeadows Rd, Unit 05 (they have our approved paint colors on file, so just let them know you are with Linkside at Baymeadows). You can also get these colors at any Benjamin Moore retailer.

We updated the paint colors in 2026, as many residents were having a hard time finding the original paint colors, causing mis-matched paint across the whole neighborhood. We also added 3 new green options for stucco (only) that align with our community standards. **YOU MUST SUBMIT AN ARC REQUEST ANYTIME YOU PAINT! EVEN IF PAINTING THE SAME COLOR AS PRIOR.**

Please note, **using the approved premium Benjamin Moore ELEMENT GUARD** paint means it will be the desired color, more UV resistant, and will last up to 10 years (whereas cheaper brands may only last up to 4 years). **This paint does NOT require a primer** (unless using it on metal).
